

Homework 16: Comparing Sorts

Assigned: Friday, 17 November 2006

Due: Tuesday, 21 November 2006

No extensions!

Summary: In this assignment, you will experimentally analyze three sorting algorithms.

Purpose: To help you think more about sorting.

Expected Time: One to two hours.

Collaboration: You may work in a group of any size between one and four, inclusive. You may consult others outside your group, provided you cite those others. You need only submit one assignment per group.

Submitting: Email me your work, using a subject of *CSC151 Homework 16*.

Warning: So that this exercise is a learning assignment for everyone, I may spend class time publicly critiquing your work.

Assignment

Do problems 6-9 of the lab on Quicksort. Write up your answers and submit them.
