

Class 48: Insertion Sort

Held: Friday, 30 November 2007

Summary: We move from our general exploration of sorting to the implementation of a particular sorting algorithm, *insertion sort*. We also explore how the running time for that algorithm varies based on the number of values we are sorting.

Related Pages:

- EBoard.
- Lab: Insertion Sort.
- Reading: Sorting.
- Due: Project.

Notes:

- Exam 3 is ready and due next Friday.
- Don't forget the host of extra credit opportunities available to you.
- Reading for Monday: Merge Sort.

Overview:

- Expressing sorting algorithms in code.
- Key technique: Insertion.
- Analyzing insertion sort.
