Notes:

- We may have prospectives in class today.
- There is no additional reading for Monday. You may find it useful to reread today's reading.
- After the quiz, we'll spend a little time going over assignment 5. We'll then spend some time on the reading. If you finish the quiz early, feel free to review the reading and come up with questions.
- We'll spend a few minutes matching up partners for assignment 6. If you've noted that your partner seems much better at this stuff than you, you may want to find a new partner for this assignment. (You'll probably learn better with a similarly-skilled partner.)
- Are there questions on assignment 6? I'll do my best to explain what's happening at higher numbers of sides.
