

Class 35: Characters and Strings

Held: Tuesday, 3 November 2009

Summary: We consider *characters* and *strings*, two basic types in Scheme. Strings are used to represent text in Scheme, and characters are the building blocks of strings.

- Reading: Characters and Strings.

Notes:

- Are there any final public questions on exam 2?
- Fun event Saturday a.m.: Grinnell Destination ImagiNation Fun Run/Walk. More info outside my office.
- If you are registered in Poweshiek county, don't forget to vote.
- Reading for Wednesday: Vectors.

Overview:

- Representing text.
- Characters: The basic building blocks.
- Combining characters into strings.

Characters and Strings

- Characters: The building blocks of strings
- Strings: Collections of characters
- Together: The basics types for input and output in Scheme.
- Also: A nice way to name things.

Lab

- Do as much of the lab as you can.
- Be prepared to reflect.
