

Class 38: Trees

Held: Monday, 9 November 2009

Summary: We consider *trees*, structures somewhat like two-dimensional lists that are also built from `cons` cells.

Related Pages:

- EBoard.
- Lab: Trees.
- Reading: Trees.

Notes:

- Exam 2 returned. I hope to have an answer key ready later this week.
- Reading for tomorrow: Analyzing Procedures.
- Are there questions on Lab Writeup 5?
- Are there questions on Assignment 7?
- Congratulations! to men's soccer.
- You know that you're in too small a town when the local radio station reports on when one of your students had surgery. (Or maybe that's just football in Iowa.)

Overview:

- Thinking about trees in terms of `cons`.
- Thinking about trees recursively.
- Writing recursive tree procedures.
