## **About the Final**

- Friday, 9-noon.
- Cumulative.
- Four questions (slightly longer than the exam questions).
- All mostly or completely correct: A
  - Three mostly or completely correct: B
  - Two mostly or completely correct: C
  - One mostly or completely correct: D
  - Tried all the problems, but did not succeed: F
- Closed computer, closed book.
  - That means you don't need to write perfectly correct code.
  - But it should be close enough that I can reasonably expect that, with a computer (and maybe a

little bit of advice), you'll get it working.

- But you may bring one page of hand-written notes.
  - 8.5 x 11 inch
  - Double sided

## Debriefing

*If there's time.*

- What went particularly well?
- What went particularly poorly?
- What should we have done differently?
- Was the emphasis on images worthwhile?

## Final Thoughts

- About ending a class.
- Stories stories stories!
