

## Class 51: Project Assessment: Algorithms

**Held:** Wednesday, 2 December 2009

**Summary:** We continue our exploration of the project by considering some of the coding techniques used.

**Related Pages:**

- EBoard.

**Notes:**

- Reading for Friday: Review the reading on objects.
- Are there questions on the exam?

**Overview:**

- Debriefing from yesterday.
- Students discuss programming techniques.

### Debriefing

- What did you learn from yesterday's discussion?

### Considering Project Code

- We'll start looking at processes used to create these images.
  - You'll pick some images that you want to know about.
  - The authors will describe their code.
  - Once in a while, we'll even run it (if possible).
- If there's time, I'll try to show off a few things I wrote while helping you with projects.
