CSC161 2010F *Imperative Problem Solving*

Class 03: Linux Files and Permissions

Held: Tuesday, 31 August 2010

Summary: We conclude our initial explorations of Linux.

Related Pages:

- EBoard.
- Lab: GNU/Linux III.

Notes:

- For tomorrow, read Chapter 1 of K&R. (Note: It goes fast and you won't understand everything.)
- For Friday, read Chapter 1 of Raymond. (Note: Once again, you won't understand everything. Bring questions and comments.)
- Are there questions on Assignment 1?

Overview:

- Review.
- Lab!

Review

- What were the important concepts you learned over the past two days?

Laboratory

- Yay! Even more hands-on explorations with Linux.
- Be prepared to reflect.
