Overview:

- Our new list API.
- A struct.
- Implementing `list_index_of`.
- Implementing `list_cut`.
- Lab.

Lab

Preparation

- Review .h file
- Review implementation of `list_get` (provided) and `list_index_of` (done in class)

Setting Elements

- Write some simple tests for `list_set`.
- Write some simple experiments for `list_set`.
- Implement `list_set`.

Inserting Elements

- Write some simple tests for `list_insert`.
- Write some simple experiments for `list_insert`.
- Implement `list_insert`.

Deleting Elements

- Write some simple tests for `list_delete`.
- Write some simple experiments for `list_delete`.
- Implement `list_delete`.
