

Class 04: Ruby (3)

Held: Monday, 31 January 2011

Related Pages:

- EBoard.
- Lab: Ruby (3).
- Reading: Tate 2.4-2.5.

Notes:

- Assignment 1 was returned last night.
- Assignment 2 was distributed this weekend.
- Do your best to finish labs on your own before the next class, since we may rely on them in that class. (That's less important for the third lab in a sequence, but very important for the first two labs.)
- We're trying a new approach for questions on Chapter 3. You can either post a question on Piazza or you can respond to a question. Questions should be posted by 9 p.m. Answers should be posted by 10 p.m.
- EC for Thursday's talk on summer opportunities in CS.
